## PROJECTS

**Shiplog — Idea Tracking SaaS** [shiplog.one](https://shiplog.one)

*Next.js · TypeScript · PostgreSQL · Prisma · DODO payments · BetterAuth*

- Built and launched solo — a SaaS tool for developers to track and validate startup ideas, from zero to paying customers
- Owned full stack: architecture, auth, Stripe billing (monthly/yearly/lifetime at 9), AWS deployment, and product marketing
- Listed on Product Hunt and 8+ directories; 500+ early users acquired with active paying customers

**Ayoooh Naturals — E-Commerce Store** [ayoohnaturals.com](https://ayoohnaturals.com)

*Next.js · TypeScript · SANITY · Prisma · Tailwind CSS*

- Built and deployed a full production e-commerce platform for a natural products brand with real customers and live transactions
- Implemented product catalogue, cart, order tracking, user authentication, blog, and shipping threshold logic end-to-end

**auth-setup — Open Source Starter Template** [auth-setup.webarc.one](https://auth-setup.webarc.one)

*Next.js · TypeScript · Better Auth*

- Released a free open-source authentication starter template to help developers bootstrap Next.js auth flows faster

**Rotaract 3080 & CU Rotaract Club** [rotaract3080.org](https://rotaract3080.org) and [curc.in](https://curc.in)

*Next.js · TypeScript · Prisma · UploadThing*

- Built two community platforms with event management, member tools, media uploads, and live deployment for 1,000+ members
